

Austrroads' Guide to Temporary Traffic Management (AGTTM) details contemporary temporary traffic management practice for application in Australia and New Zealand. It provides guidance for the planning, design and implementation of safe, economical and efficient temporary traffic management designs.

**Guide to Temporary Traffic Management Part 3:Static Worksites** has been prepared to assist with the preparation of traffic guidance schemes, in accordance with Austrroads best practice. It provides general information about the context and components of designing temporary traffic guidance schemes at static worksites.

## Guide to Temporary Traffic Management Part 3

*Austrroads*

Austrroads is the association of Australasian road and transport agencies.
